ABOUT

Parand Darou
Pharmaceutical Co.

As a knowledge-based company, Parand Darou pharmaceutical company started its activity in 2006 producing Narcotic and non-Narcotic APIs such as Codeine Phosphate, Noscapine, Thebaine, Papaverine and Oxycodone. Parand Darou is the second company in the private sector received the Narcotic license from Iran Food and Drug Organization. Meeting the needs of domestic market, Parand Darou exported the products to the Global markets as well. In 2019, the company established a syrup line, received the GMP certificate and launched producing narcotic FDF. In 2023, the company was recognized as the top exporter of active pharmaceutical ingredients (APIs) in the country based on a positive export balance, and in addition to meeting the local market demand, it has exported its products to global markets.
